Kate:

Can you give me any update on where you are with respect to CBF's comments on the proposed Decree. Any idea of when we (I assume it's a joint motion) might move for entry of the Decree?

Thanks.

Tom

Thanks very much. I appreciate your forwarding this on to me. If the Honeywell team has any thoughts or comments on CBF's comments, I'll pass them along to you.

Darn! I assume CBF's comments are public records. Can you share their comments with Honeywell? (Consider this an FOIA request if that what it takes.) If there should be any way Honeywell can assist you in responding to CBF's comments, please don't hesitate to let me know.

As always, thanks for your continuing help on this.

Hi, Tom:

Yes – late yesterday afternoon, we received comments from CBF. I'll be talking with EPA about how to address the comments. It will slow down the Motion to Enter since it will not be as straightforward as it would have been.

Rob, Kate & Dennis:

Did you get any comments on the proposed Consent Decree? If not, any idea when you will enter the Decree. Honeywell is still trying to time the penalty payment to avoid any daily interest.

Thanks for your help on this.
